Comment by Rex AZ on September 7, 2015 at 11:51 am. I would like to have an inventory control system for a sports club in my vicinity. They have a bar, restaurant, swimming, hall rentals and other outlets that generate revenue, and I would like an admin control point to have higher level access than other users.

A red light camera (short for red light running camera [citation needed]) is a type of traffic enforcement camera that captures an image of a vehicle which has entered an intersection in spite of the traffic signal indicating red (during the red phase). By automatically photographing vehicles that run red lights, the photo is evidence that assists authorities in their enforcement of traffic laws.
