Collecting data is not necessarily every teacher's cup of tea, but in today's teaching climate, it's definitely a necessity. After all, good data can provide important information to teachers and students and go a long way toward improving teaching and learning. And if keeping track of all the ...

16 Teacher Hacks for Making Data Collection a Piece of Cake

In some cases, the method of data collection being used will dictate monitoring frequency. For example, if homework completion and accuracy is being tracked, the frequency of data collection will be equal to the frequency of homework assignments. In other cases, the level of severity of the student problem will dictate monitoring frequency.

How To: Structure Classroom Data Collection for Individual ...

When it comes to daily housekeeping chores like collecting homework and taking roll, creating a daily routine is the most effective tool. If students know the system and you follow it every day, then it will take up less of your valuable teaching time and give students less time to misbehave while you are otherwise occupied.
