Problem Solving: Make a Table What Is It? Make a Table is a problem-solving strategy that students

can use to solve mathematical word problems by writing the information in a more organized format. Here is an example of a problem that can be solved by making a table:

Problem Solving: Make a Table - TeacherVision

A chat with Shamarukh Chowdhury about her research on active procrastination. Together, we clarify the concept of procrastination and do a little "myth busting" around the concept of active procrastination; a concept that we call an oxymoron that may be better understood as two types of delay - it's not "procrastination" at all.
