The expansion of our wealth is only possible so long as the oil supply continues to expand, says oil expert Dr. Colin Campbell. The financial and investment community is beginning to accept the reality of Peak Oil, which ends the First Half of the Age of Oil, during which banks created capital by lending more than they had on deposit, being confident that tomorrow's expansion, fueled by cheap ...

Kenneth Joseph "Ken" Arrow (23 August 1921 - 21 February 2017) was an American economist, mathematician, writer, and political theorist. He was the joint winner of the Nobel Memorial Prize in Economic Sciences with John Hicks in 1972. In economics, he was a major figure in post-World War II neo-classical economic theory. Many of his former graduate students have gone on to win the Nobel ...

The World Trade Organization (WTO) is an intergovernmental organization that is concerned with the regulation of international trade between nations. The WTO officially commenced on 1 January 1995 under the Marrakesh Agreement, signed by 124 nations on 15 April 1994, replacing the General Agreement on Tariffs and Trade (GATT), which commenced in 1948. It is the largest international economic ...

Republicans have consistently said that a president cannot take responsibility for a strong economy — unless of course he's a Republican. A weak economy, however, is always a Democratic president's fault. And if a Republican president presides over the worst financial crisis in a half-century after seven years in office, that is clearly the fault of poor people.

Terry committed the unforgivable sin of referring to a short-statured Korean-American who appeared on a television program with him as a "short guy from Japan." He has groveled and begged forgiveness of the never-forgiving PC thought police, but that of course is hardly enough. I'm sure everyone reading this would agree that Terry should be forced to auction off all of his superbowl ...
