A virtual learning environment (VLE) is a system that creates an environment designed to facilitate teachers' management of educational courses for their students, especially a system using computer hardware and software, which involves distance learning. In North America, a virtual learning environment is often referred to as a "learning management system" (LMS).

### **History of virtual learning environments - Wikipedia**

Developmental psychology often focuses on early childhood as the context in which the foundations of all kinds of later psychological functioning can be seen—from thinking and feeling and imagining to social interaction, attachment relationships, emotional life, and personality organization.
