How were the Principles developed? The Principles were developed by IFC, drawing on its own impact management practices, and consulting with a range of asset owners, asset managers, asset allocators, multilateral development banks (MDBs), and development finance institutions (DFIs), including the collaborating institutions listed in this guide.

Blended finance can assist in mitigating early-entrant costs or project risks, helping re-balance risk-reward profiles for pioneering investments and enabling them to happen. IFC currently applies this approach in three areas: climate change, agribusiness and food security, and finance for small and medium enterprises, including women entrepreneurs.
