Transgender people have a gender identity or gender expression that differs from their assigned sex. Some transgender people identify as transsexual if they desire medical assistance to transition from one sex to another. Transgender - often shortened as trans - is also an umbrella term: in addition to including people whose gender identity is the opposite of their assigned sex (trans men ...

The use of the term "technology" has changed significantly over the last 200 years. Before the 20th century, the term was uncommon in English, and it was used either to refer to the description or study of the useful arts or to allude to technical education, as in the Massachusetts Institute of Technology (chartered in 1861).. The term "technology" rose to prominence in the 20th century in ...

The Amish generally see little value for themselves in abstract subjects taught in many high schools and institutions of higher learning. Though they recognize that they and the world as a whole need to services of the doctors, bankers, and other professionals colleges and universities produce, they do not see a need within their own culture for such learning, one reason that Amish do not ...
