Music lover. Euan. Reach for the stars beyond traditional school walls. Euan attended traditional school growing up and was a successful student, but he thought a distance learning program would better help him meet his music goals: to study cello at a performance conservatory, then to pursue a graduate degree in conducting.

The area of study known as the history of mathematics is primarily an investigation into the origin of discoveries in mathematics and, to a lesser extent, an investigation into the mathematical methods and notation of the past. Before the modern age and the worldwide spread of knowledge, written examples of new mathematical developments have come to light only in a few locales.
